REAL ESTATE SALES -Amongst the sales of real estate advertised in the columns of the Patriot, the reader will note the tract of land known as the former residence of C. Hays, Sr., on which are elegant improvements. This choice property will be sold on the 22d of this month, under the direction of Mesers. Nance & Woodward, and those having an eye to a good investment, should bear the sale in mind. A better piece of property will not soon be put in market. Persons at a distance, designing to settle in our country, should give this property a personal inspection. They cannot fail to be pleaed with it.

THE CAMPBELLS-Having made arrangements with the steamer Commerce to defer departure until 11 o'slock Friday evening, give one more performance in our city. The programme is of the most attractive kind, embracing some three of their burlesque pieces, with a veriety of songe, dances and negro minstrelsy. As this is positively the last appearance of the Campbells, there will be a full house no doubt.

TOBACCO PLANTATION FOR SALE,-Mr. J. S. Gal leday advertises in another column a fine tob seco Plantation in Kentucky for sale. The location is a very desirable one, the lands are well improved and are in first rate order. See adver isement.

They have a ready in store a very choice assortm no of the articles usually kept in such houses, and intend at all times to keep up their supplies. Their bakery is one of the best in the city, the bread from it being of the very first quality. We are glad to see new business houses springing up, and wish them all abundant success.

FARIR OF AVA-POSTPONEMENT. -The Paraphernalia of the Fakir of Ava, having just arrived, owing to the low stage of water, and it being impossible for him to erect, satisfactorily, his Temple of Enchantment, which is the largest and costliest | facility. that has ever been in this country, by Friday, the performance is postponed until Saturday night, when a great bill of wonders will be offered. The performance will also be continued on Monday evening, which will positively be the list night this season, owing to engagements in other cities baying to be fulfilled. Remember Saturday night.

TOBACCO PLANTS KILLED -The Richmand Whig has received the following letter from an intelligent planter residing near Milton, N. C .:

The tobacco plants, as hir as I have heard from, are generally killed. I have information from Halifax, Pitrsylvania, and Charlotte counties, in Virlins, and it appears they are almost entirely killed. except in a few beds covered with hog hair, which is said to prevent the "throwing up" of the land, and to impart a good deal of warmth. As a conseopence, these beds have been partially preserved, For once, seed are said to be really scarce, on account of the lateness of the last year's crop and the early frost rendering the seed immature.

We are more than pleased to learn that the Wheat Crop of this county, notwithstanding the severity of the past winter, bids fair to yield abundantly -- Paris Patriot.

# PIANOS & MELODEONS.

G. W. KIBBEE.

W 110 has been for many years located in Tennessee as a Tuner and Revalers of Planos, would respectfully call the attention of the musical public to the fact, that he visited New York last year for the purpose of making arrangements with the best Plano Forte makers to sell their Instru-ments. After spendiog several weeks in that great metropolia, visiting the different manufacturers of note, he came to the conclusion-and who might be judge in this case if a Tuner of twelve years is not? -that the Pianos of of Lighte, Newton & Bradoury's should be preferred to all others. He accordingly made an agreement with them, whereby he is enabled to furnish Planus at retail cost in New York, freight and charges added, so that every one who buys of him may know that he is not paying more for his article than he would be charged by the manufacturers themselves if he were to visit them in person. This House is making twenty Pianos per week, a much greater number than is made by any other in the United States, and for purity and volume of tone and fineness of finish, both in side and out, the proof is that they stand wholly unrival-These Planes were awarded the first premium by the of the World's Fair and the Fair of the American noti ute in 1853. Among the many Musicians and Amaours who have from time to time examined these Instru ments, testified to their superiority, and recommended them to their friends, are Lowell, Mason and Thos Harrison, of world-wide celebrity, H. C. Tinn, President of the Phiharmonic Society, N.Y., Thromone El. Field, conductor of the Philharmonic Society, N. Y., GROLDE F. HOOF, juror in the Fair of the American Institute, in 1853. J. LESTI, U. C. Hill. F. H. Nass, Foward Hows, Jr., &c., &c., &c., co. J. White, of Boston, the well known and popular Teacher and Composer, after examining these instruments and testifying to their entire superiority, opened a House in Boston the central point of the once renowned Chicker to his muste I triends and acquaintances, many of them of LIVERY STABLE This is the first New York Piano Agency ever established ON DEADERICK BETWEEN SUMMER AND

Guo. F Butstow, of New York, the distinguished co er, Organist and Planist, was authorized by the New York Harmonic Society to select the loss Pinto that could be unde for their use. He gave the preference to Lighte, made for their use. He gave this perference to Lighte, Newton & Bradbury's "large scale" over all others. Grand's not excepted, and nurchased one for the use of the Society. But Mr. Kimics deems it unnecessary to multiply words to the people of Middle Tennessee. The fact, that he has been for many years a successful Tuner among them, and has most with, and Tuned and Repaired Planes of every maxe, should inspire confidence in his judgment; and the fact that he regularly visits them twice a year would show that it is more to his interest to sell them a good Passo than it could be to that of any other desire. As to the price and quality of these Pianus, Mr. Kissus exhibits the price and quality of these riands, Mr. Ribber exhibits the price list and description of the Makers, which contains twenty different styles at prices, ranging form \$250 to \$500, at their Ware flooms, No. 421, Broome Street, New York. So there can be no descrit on practiced with referesce to price or style of finish, al hough the Pianos are not seen until de Ivered, and he is authorised by Mesers. Lights, Newton & Bradbury to give warrantees of all their Pianos

Mr. Kranas also visited the well known Melodson Estab hment of Carbart, Needham & Co , No. 97, East Eld Mt., New York, and made an arrangement with them to furnish Melodeons, so that he can sell them at their Rew York retail prices, freight added. These Instruments have become very popular in the Fastern and North-Western States, and truly deserve the works of all those who are

"Charmed by concord of awart sounds." He has also an arrangement with the firm of Firth, Pend & On, New York, which enables him to furnish Sheet Music and small Student instruments at New York p leve.
